ABOUT KO and the "End Ice" program.

Kukuiula Outrigger is a non-profit club dedicated to teaching and preserving the ancient art of Hawaiian outrigger canoe paddling. Operating solely from contributions from individuals and organizations who wish to support its programs, KO is a non-profit corporation operating under the IRS category 501 (c)(3). Contributions by individuals and corporations are deductible as charitable contributions for federal income tax purposes to the extent provided by law.

The "End Ice" program is a grassroots education program aimed at teaching our youth the dangers of drugs. Currently the program is raising money for an "End Ice" car that will be used to draw attention at schools and events across Kauai. The program is headed by Glenn Kapahu who has great vision when it comes to his program. Eventually a rehabilitation camp will be formed to help those dealing with the horrible addiction. For more information on both organizations go to www.KukuiulaOutrigger.com, mahalo.
